

“Fabulous Feud!”

is a game played by two teams. Each team tries to answer a question that has been surveyed by about 100 people. Teams score points based on how many people came up with the same answer. Use the already installed surveys, or type your own to suit the event.

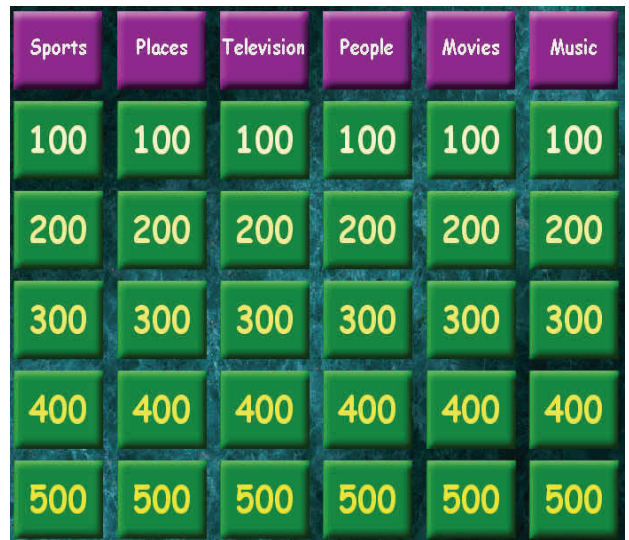

System Requirements: PC running Windows® 95, XP, Vista or 7 with available USB port

*Check out the savings if you purchase the **Software 4 Pack!***
